

To my fabulous Base 5,

I ended my last letter with this quote...

"I wonder what Piglet is doing," thought Pooh.

"I wish I were there to be doing it, too."

— **A.A. Milne, Winnie-the-Pooh**

...and how true it still is. I love to hear about what you have been doing while you are at home but I do wish that we were having fun, learning in the classroom together. How are all you? Are you taller? Is your hair longer? I would love to see you all and find out more about your experiences during this lockdown. What a time we are living through, you are all taking part in a huge piece of history, are you writing dairies? Are there some good memoires that you have made?

I wonder what your memories of our learning are? Do you have moments that you remember with a smile; I'd love to hear about what these were. As we near the summer, what are your thoughts about moving on? Year 6- how exciting it must be to heading towards your next step in education. You will no doubt be feeling a little nervous or unsure, remember this is completely normal and there are thousands of children who feel exactly the same as you do. If you do have any worries or want to ask me any questions please do, just email school and I'll try to help in a jiffy!

While school has been closed, I have gained a new addition to my household- a calf! It was born early and Annabel and Penny took care of it, feeding it 3 times a day – it is now big and strong and almost taller than Penny! She is called Midnight because she is totally black, she is living in with my hens and I actually think she thinks she **is** a hen, it is very funny to watch!

I know that, for the moment, I am not in the classroom with you but I am still your teacher- it is wonderful being your teacher- if you need me for anything, you may want to ask a question about work or you might just want to let me know what you have been up to, I'd love to hear from you.

Take care my fabulous class, I hope to see you soon.

Your Teacher,

Mrs Charlesworth
